INTRODUCTION

The information provided in this Report is derived primarily from documents developed at the time the District was formed and from data provided by the Agency or accessed through the Agency. The information sources include the Rate and Method of Apportionment, annual budget, debt service schedule(s), and special tax/assessment delinquency data. The development status, prepayments and historical information were accessed through the Agency and/or the developer and are maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act (“Act”) of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53368 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District (“CFD”) or (“District”) within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only, and is governed by the agency that formed it.

A. FORMATION

On June 22, 2010, the Agency formed the District by the adoption of Resolution No. 2010-09. The qualified electors within the District approved the levy of the special tax in accordance with the rate and method of special tax.

B. BOUNDARIES AND DEVELOPMENT SUMMARY

The County of Fresno (the “County”) encompasses over 6,000 square miles in the heart of the San Joaquin Valley and is located 220 miles Northeast of the City of Los Angeles.

The boundaries of the CFD, together with the CFD’s future annexation area and Zones 1 and 2 boundaries are shown in the Boundary Diagram Section of this Report. The CFD currently has 263 developed parcels.

C. BONDS

There are currently no bonds issued for this District.

D. FINANCED FACILITIES & SERVICES

The CFD was formed to provide funding for all or a portion of the costs of the following CFD’s Authorized Improvements (collectively, the “Facilities”); the acquisition of land and the construction of facilities for fire protection and suppression, and for emergency medical services, including but not limited to (i) station renovation, construction, expansion and equipping; (ii) the construction,

expansion and equipping of training facilities, including classrooms, drill towers, rescue buildings and burn buildings; (iii) the acquisition and equipping of fire engines, other vehicles and emergency medical apparatus with a useful life of five (5) years or more; (iv) the funding of reserves for building refurbishment and replacement, as well as for the replacement of equipment; and (v) the purchase of other related appurtenances permitted under the Act in furtherance of the operations of the District.

Notwithstanding the foregoing, Special Tax A levied on and collected from property in Zone 1 of the CFD (as Special Tax A and Zone 1 are identified in the Rate and Method of Apportionment of Special Taxes for the CFD, and as Zone 1 is depicted on the recorded boundary map for the CFD) shall be used solely to fund the following Facilities (and shall not be used to fund any other Facilities): (i) the acquisition of land for and the construction and equipping of a fire station to be located in Zone 1 of the CFD; (ii) the acquisition of a fire engine and other vehicles and equipment to serve the land within Zone 1 of the CFD; and (iii) 2.53% of the cost of the construction, expansion and equipping of a training facility, including classrooms, drill towers, rescue buildings and bum buildings (collectively, the "Zone 1 Facilities"). All Facilities authorized to be funded by the CFD, other than the Zone 1 Facilities, are referred to as the "Zone 2 Facilities," including any portion of the Facilities described in clause (ii) of the preceding paragraph not funded by Zone 1 of the CFD pursuant to clause (iii) of the preceding sentence.

The Services to be funded, in whole or in part , by the District include all direct all direct and incidental costs related to providing fire protection and suppression, and emergency medical services, including (i) fire protection and suppression services, including protection planning and (ii) emergency medical services, including ambulatory services and technical rescue. The CFD may fund any of the following related to the services described in the preceding sentence: obtaining, constructing, furnishing, operating and maintaining equipment, apparatus or facilities, establishing reserves for costs of services, paying the salaries and benefits of personnel, and for payment of other related expenses. Any services to be funded by the CFD must be in addition to those provided in the territory of the CFD before the date of creation of the CFD and may not supplant services already available within that territory when the CFD is created.

INTRODUCTION

The information provided in this report is derived primarily from documents developed at the time the District was formed and from data provided by the Agency or accessed through the Agency. The information sources include the Rate and Method of apportionment, annual budget, debt service schedule(s), and special tax/assessment delinquency data. The development status, prepayments and historical information were accessed through the Agency and/or the developer and are maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act (“Act”) of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53368 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District (“CFD”) or (“District”) within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only, and is governed by the agency that formed it.

A. FORMATION

On June 22, 2010, the Agency formed the District by the adoption of Resolution No. 2010-09. The qualified electors within the District approved the levy of the special tax in accordance with the rate and method of special tax.

B. BOUNDARIES AND DEVELOPMENT SUMMARY

The County of Fresno (the “County”) encompasses over 6,000 square miles in the heart of the San Joaquin Valley and is located 220 miles Northeast of the City of Los Angeles.

The boundaries of the CFD, together with the CFD’s future annexation area and Zones 1 and 2 boundaries are shown in the Boundary Diagram Section of this Report. The CFD currently has 318 developed parcels.

C. BONDS

There are currently no bonds issued for this District.

D. FINANCED FACILITIES & SERVICES

The CFD was formed to provide funding for all or a portion of the costs of the following CFD’s Authorized Improvements (collectively, the “Facilities”); the acquisition of land and the construction of facilities for fire protection and suppression, and for emergency medical services, including but not limited to (i) station renovation, construction, expansion and equipping; (ii) the construction,

expansion and equipping of training facilities, including classrooms, drill towers, rescue buildings and burn buildings; (iii) the acquisition and equipping of fire engines, other vehicles and emergency medical apparatus with a useful life of five (5) years or more; (iv) the funding of reserves for building refurbishment and replacement, as well as for the replacement of equipment; and (v) the purchase of other related appurtenances permitted under the Act in furtherance of the operations of the District.

Notwithstanding the foregoing, Special Tax A levied on and collected from property in Zone 1 of the CFD (as Special Tax A and Zone 1 are identified in the Rate and Method of Apportionment of Special Taxes for the CFD, and as Zone 1 is depicted on the recorded boundary map for the CFD) shall be used solely to fund the following Facilities (and shall not be used to fund any other Facilities): (i) the acquisition of land for and the construction and equipping of a fire station to be located in Zone 1 of the CFD; (ii) the acquisition of a fire engine and other vehicles and equipment to serve the land within Zone 1 of the CFD; and (iii) 2.53% of the cost of the construction, expansion and equipping of a training facility, including classrooms, drill towers, rescue buildings and burn buildings (collectively, the "Zone 1 Facilities"). All Facilities authorized to be funded by the CFD, other than the Zone 1 Facilities, are referred to as the "Zone 2 Facilities," including any portion of the Facilities described in clause (ii) of the preceding paragraph not funded by Zone 1 of the CFD pursuant to clause (iii) of the preceding sentence.

The Services to be funded, in whole or in part, by the District include all direct and incidental costs related to providing fire protection and suppression, and emergency medical services, including (i) fire protection and suppression services, including protection planning and (ii) emergency medical services, including ambulatory services and technical rescue. The CFD may fund any of the following related to the services described in the preceding sentence: obtaining, constructing, furnishing, operating and maintaining equipment, apparatus or facilities, establishing reserves for costs of services, paying the salaries and benefits of personnel, and for payment of other related expenses. Any services to be funded by the CFD must be in addition to those provided in the territory of the CFD before the date of creation of the CFD and may not supplant services already available within that territory when the CFD is created.
